

treatment of many th ing and thoroughly testing remedies for the cure of woman's peculiar maladies.

Br. Pierce's Favorite Prescription is the outgrowth, or result, of this great and valuable experience. Thousands of testimonials, received from patients and from physicians who have tested it in the more aggravated and obstinate cases which had baffled their skill, prove it to be the most wonderful remedy ever devised for the relief and cure of suffering women. It is not recommended as a "cure-all," but as a most perfect Specific for woman's peculiar aliments.

As a powerful, invigorating tonic, it imparts strength to the whole system, and to the womb and its appendages in particular. For overworked, "worn-out," "run-down," dobilitated teachers, milliners, dressmakers, scamstresses, "shop-girls," housekeepers, nursing mothers, and foolie women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

As a soothing and strongthening merviac, "Favorite Prescription" is unequaled and is invaluable in silaying and subduing hervous excitability, irritability, exhaustion, prostration, hysteria, spasma and other distressing, ner vous symptoms commonly attendant upon functional and organic disease of the womb. It induces refreshing elecp and relieves mental anxiety and despondency.

monly attendant upon functional and organic disease of the womb. It induces refreshing sleep and relieves mental anxiety and despondency.

Br. Pierce's Favorite Prescription is a legitimate medicine, carefully compounded by an experienced and skillful physician, and adapted to woman's delicate organization. It is purely vegetable in its composition and perfectly harmless in its effects in any condition of the system. For morning sickness, or nausea, from whatever cause arising, weak stomach, indigestion, dyspepsis and kindred symptoms, its use, in small doses, will prove very beneficial.

"Favorite Prescription" is a posicitive curse for the most complicated and obstinate cases of loucorrhea, excessive flowing, painful mentruntion, unnatural suppressions, prolupsus, or falling of the womb, weak back, female weakness, anteversion, retroversion, bearing-down senations, chronic congestion, inflammation, pain and tenderness in ovarica, accompanied with "internal leaf."

As a regulator and promoter of functional action, at that critical period of change from girthood to womanhood. "Favorite Prescription" is a perfectly safe remedial sgent, and can produce only good remults. It is equally efficacious and valuable in its effects when taken for those disorders and derangoments incident to that later and most critical period, known as "The Change of Life."

"Favorite Prescription," when taken in connection with the use of Dr. Pierce's Golden Medical Discovery, and small lazative doses of Dr. Pierce's Purgative Pelets (Little Liver Pills), curse Liver, Kidney and Bladder disease. Their combined use also removes blood taints, and abolishes cancerous and erroruse and erroruse new positive guarantoe, from the manufacturers, that it will give antisfaction in every case, or money will be refunded. This guarantoe has been printed out for many years.

A toad story comes from Berkshire, England, where a colt which experienced difficulty in breathing underwent a surgical operation. As the animal still suffered it was put to death, and, while dissecting the carcass," a fair-sized toad crawled out of the opening in the windpipe, and the extraordinary cause of the poor animal's sufferings became at once apparent."

A pathetic story comes from Minnesota of a young woman, who, for marrying against the whishes of her parents-wealthy Canadians was cast adrift in the world. She, with her husband, then went to Dukota. He became dissipated, and, failing to provide for her, she started out to earn a living for herself and child, but she didn't succeed, and died recently in St. Paul of starvation.

Garrett. Another story is singularly humorous, a valentine story, is entitled The Apple of Discord," and will entertain all the grammar-school boys and girls; it is by Georgiana Washington. Princess May-blossom" by Annette Lyser, with its eight pictures, is a dainty airy story. "Children in Italian Sculpure," by Mabel F. Robinson, is a model ert-paper for young people, with intersting pictures. The serial stories by J. T. Trowbridge and Margaret Sidney are very popular for family reading a genial happy home element pervades both; Phronsie's "dragons" are irresistible. "The Tupper Children" is a short story of the old war days by Miss A. G. Plympton, full of dash and fun. "Forty-eight Hours a Day" will interest all astronomicallly-minded young folks and their elders as well. "Noasense Animals" is very amusing and affords a hint for home-fun of an evening. "An Old-Fashioned Boat" is an interesting chapter in the progress of invention, by Ernest Ingersoll. Mrs. Sallie Joy White in her chapter on "The Use of the Oven" tells how potatoes are bake in the Boston public schools. Mrc. Goddard Orpen gives the history of the famous Spanish crown nearl, the Pelegrina. Prof. Starr, in his geological series, describes some of the grawings of "The Tooth of Time." In the new department, "Men and Things," are all sorts of good original anecdotes and breezy "short talk." The poems of the number are many and good, the Ramona Post-Office, Puzzle and C. Y. F. R.
